SUMMARY

The study, entitled "Foreign INTERESTS OF RUSSIA TO GERMANY THROUGH GAZPROM SPONSORSHIP AT CLUB SCHALKE 04 FC IN 2017-2018" has a focus or research objective to analyze contemporary events in international relations issues. In this case, it is to analyze and find out Russia's Foreign Interests in Germany through the Gazprom Sponsorship at the Schalke 04 FC Club in 2017-2018. This research is analyzed based on the concept of Soft power and sports diplomacy. Based on the data obtained, Gazprom is an oil and gas exporter company as well as a Russian state-owned company. In 2006 Gazprom became a sponsor at Schalke 04 FC and helped the team from bankruptcy. Then in 2007 Schalke 04 FC issued their new jersey with the Gazprom logo as the main logo which resulted in the German football team becoming respected and strong in the German premier league after being hit by the financial crisis. Then in 2017-2018 during the construction of the second phase of the Nord Stream project, behind which Gazprom and the Russian government had a central role behind the second phase of the Nord Stream project, Schalke 04 FC participated in campaigning for the project in various matches in the 2017-2018 season.

Keywords: Gazpoom, Schalke 04, Nord Stream, Germany, Russia, sponsorship.
