ABSTRAK

Lanjut usia memiliki hak untuk mendapatkan pelayanan kesehatan. Hal tersebut dilaksanakan sesuai dengan ketentuan perundang-undangan agar lanjut usia mendapatkan pelayanan kesehatan secara layak dan bermutu. Penelitian ini bertujuan untuk mengetahui dan menganalisis implementasi hukum pelayanan kesehatan lanjut usia bagi pasien lanjut usia dalam pelayanan kesehatan di Pusat Kesehatan Masyarakat Desa Mangunegara Kecamatan Mrebet Kabupaten Purbalingga dan berpengaruhnya faktor motivasi, komunikasi, dan kedisiplinan terhadap implementasi hukum pelayanan kesehatan lanjut usia bagi pasien lanjut usia. Penelitian ini menggunakan metode penelitian yuridis sosiologis, dan spesifikasi penelitian deskriptif. Jenis data yang digunakan adalah data primer dan sekunder. Metode pengumpulan data sekunder dilakukan dengan metode angket, studi kepustakaan dan studi dokumenter. Metode pengolahan data dengan editing, coding, dan tabulasi. Penyajian data dalam bentuk tabel distribusi frekuensi, tabel silang, dan teks naratif analitis. Metode analisis data dilakukan secara analisis kuantitatif dan kualitatif dengan *content analysis* dan *comparative analysis*. Hasil penelitian menunjukkan implementasi hukum pelayanan kesehatan lanjut usia bagi pasien lanjut usia dalam pelayanan kesehatan di Pusat Kesehatan Masyarakat Desa Mangunegara Kecamatan Mrebet Kabupaten Purbalingga adalah efektif yang dapat dibuktikan dengan melihat pada 7 indikator yaitu efektifnya peningkatan kesehatan, penyuluhan kesehatan, deteksi dini masalah kesehatan, pengobatan penyakit, pemulihan kesehatan, pelayanan kesehatan lanjut usia sehat, dan pelayanan kesehatan pasien geriatri serta faktor motivasi, faktor komunikasi dan faktor kedisiplinan cenderung berpengaruh positif terhadap implementasi hukum pelayanan kesehatan lanjut usia.

Kata kunci : *Implementasi hukum, lanjut usia, faktor motivasi, komunikasi, kedisiplinan.*

**IMPLEMENTATION OF THE LAW ON ELDERLY HEALTH SERVICES

ABSTRACT

The elderly have a legal entitlement to health care. This is done in compliance with the law in order to ensure that the elderly receive proper and high-quality health services. The purpose of this study is to determine and analyze the implementation of the law on elderly health services for elderly patients in health services at the Community Health Center of Mangunegara Village, Mrebet District, Purbalingga Regency and the impact of motivation, communication, and discipline factors on the implementation of the law on elderly health services. This study employs sociological and legal research methodologies, and descriptive research specifications. Primary and secondary data are the two types of data used. A questionnaire approach, book study, and documentary study were used for secondary data gathering. Editing, coding, and tabulation are examples of data processing procedures. Frequency distribution charts, cross tables, and analytical narrative texts are used to present data. Quantitative and qualitative analysis, as well as content analysis and comparison analysis, were used to analyze the data. The findings revealed that the Community Health Center of Mangunegara Village, Mrebet District, Purbalingga Regency was effective in implementing the law on old health services for elderly patients in health services as evidenced by the effectiveness of health improvement, the effectiveness of health education, the effectiveness of early detection of health problems, the effectiveness of treatment of diseases, the effectiveness of rehabilitation, the effectiveness of health service for healthy elderly people, and the effectiveness of health services for geriatric patients, and also motivation, communication, and disciplinary factors all had a beneficial impact on the implementation of the law on elderly health services for elderly patients in health services.

Keywords: *Implementation of the law, the elderly, motivation factor, communication factor, and discipline factor.*
