

## **CHAPTER V CONCLUSION AND IMPLICATION**

### **A. Conclusion**

#### **1. Base and non-Base Sectors in Purworejo Regency**

Based on the results of the Location Quotient ( LQ ) analysis, it can be seen that the base sectors in Purworejo Regency are : 1). Agriculture, Forestry, and Fisheries, 2). Transportation and Warehousing, 3). Information and Communication, 4). Financial Services and Insurance, 5). Real Estate, 6). Government Administration, Defense, and Mandatory Social Security, 7). Education Services, 8). Health Services and Social Activities, 9). Other Services. It is also known that the non-base sectors in Purworejo Regency, namely : 1). Mining and Quarrying, 2). Processing Industry, 3). Electricity and Gas Procurement, 4). Water Supply, Waste Management, Waste and Recycling, 5). Construction, 6). Wholesale and Retail Trade; Car and Motorcycle Repair, 7). Accommodation Provision and Eat Drink, 8). Company Services.

#### **2. Leading Sectors in Purworejo Regency**

The results of the Overlay analysis show that sectoral activities in Purworejo Regency that meet the criteria as a leading sector are : 1). Transportation and Warehousing, 2). Information and Communication, 3). Financial Services and Insurance, 4). Real Estate, 5). Education Services, 6). Health Services and Social Activities, 7). Other Services.

This means that the sector activities in Purworejo Regency are superior to the same sectoral activities at the same level, both in terms of growth and contribution. In other words, the sector is a specialization of economic activity in the Regency Purworejo.

## **B. Implications**

1. Development of the base sector in Purworejo Regency, has contributed and growth is high, so it needs to be further developed by increasing the suggestions and infrastructure supporting the sectoral growth so that it is not only focused on the service sector. Non-base sector development in Purworejo Regency needs to be developed again by increasing the supporting factors that influence the development of its non-base sector, so that it can make the non-base sector as base sector in Purworejo Regency. For example by increasing the mastery of technology in all existing sectors, simplifying investment requirements, improving communication and information networks in the industrial sector.
2. Leading sectors in Purworejo Regency must be further developed by improving facilities and infrastructure so that these sectors, developing human resources so that they can process these sectors well, and cooperation between local governments and private companies in the form of business capital loans.

### C. Limitations of Research

Limitations experienced by the author when conducting this research are :

1. The method used only uses Analysis Location Quotient (LQ), Growth Ratio Model Analysis (MRP), and Overlay Analysis.
2. The results of this study only discuss the base sector, non-base sector, and leading sector in Purworejo Regency.
