

CHAPTER V CONCLUSION AND SUGGESTION

5.1 Conclusion

From the results of the discussion that has been explained in the previous chapter, it can be concluded that before writing the news a news writer should do the coverage to find important information in the form of 5W1H which will be used in writing news. A writer then determines the theme, makes news headlines, and writes news. In writing headlines and news content at UPT Bahasa Universitas Jenderal Soedirman there are several steps: planning, writing, and uploading. The news produced by UPT Bahasa Universitas Jenderal Soedirman is news that contains important and interesting information about UPT Bahasa and Universitas Jenderal Soedirman.

5.2 Suggestion

Related to some of the obstacles that exist at UPT Bahasa, I have some suggestions and solutions to these problems so that UPT Bahasa becomes even better. It would be better if the suggestion can be accepted and implemented properly. Here are some suggestions:

1. UPT Bahasa should provide an editor staff who will correct and check the English news that will be uploaded. This time the task is still being carried out by the Head of UPT Bahasa.
2. In the next, job training students should be given other job descriptions related to journalism such as news editing, website improvement, and news archiving.
