

CHAPTER V

CONCLUSIONS AND SUGGESTIONS

The last part in this research are conclusions and suggestions, this chapter presents about the conclusions of this research and the suggestions from this resarch to the reader.

5.1 Conclusions

Based on the analysis result using checklist table, it is concluded that:

1. The English Textbook entitled “*Bahasa Inggris untuk Kelas X*” published by MGMP Bahasa Inggris Kabupaten Cilacap is 45.45% relevant with Level B1 of CEFR, it comes to slightly relevant level. Most of the Level B1 of CEFR characteristics the analysed book are people can write simple texts on topics which are familiar or of personal interest, understand texts that contain every day or job-related language, understand the main points provided the speech is relatively slow and clear, and relate the main content of short texts they have read.
2. The English Textbook entitled “*Bahasa Inggris untuk Kelas X*” published by MGMP Bahasa Inggris Kabupaten Cilacap is 75.51% relevant with Level 2 of IQF, it comes to approximately relevant level. Most of the Level 2 of IQF descriptions provided by this book are responsible for own work and responsible for guiding others, and have basic operational knowledge and factual knowledge of specific work fields.

5.2 Suggestions

Since this book is slightly relevant with Level B1 of CEFR and approximately relevant with Level 2 of IQF, the publisher should:

1. Improve the relevancy of the book with Level B1 of CEFR by making and developing the teaching material which are related to the Level B1 of CEFR by considering some suggestions in Chapter 4, because English subject in Merdeka Curriculum refers to Level B1 of CEFR,

2. For preparing the Senior High School graduates who going to work, the publisher can add other materials which load the description in Level 2 of IQF, and

3. For the English teacher, hopefully this research can be a new insight in choosing and developing the English teaching material which is relevant and appropriate to the Learning Outcomes of the curriculum.
