

RINGKASAN

Penelitian ini berjudul Kinerja Pendamping Lokal Desa Dalam Mendampingi Pengelolaan Anggaran Dana Desa di Desa Karangnanas. Judul ini dilatarbelakangi oleh kinerja Pendamping Lokal Desa (PLD) kebanyakan belum maksimal. Hal ini dirasakan oleh pemerintah desa Karangnanas dari segi pengalaman cenderung kurang, kurang memahami permasalahan desa yang kompleks, dan kurang memahami penyusunan APBDes. Pendamping Lokal Desa (PLD) juga tidak hanya mendampingi satu desa, tetapi tiga sampai empat desa, sehingga tidak dapat fokus mendampingi satu desa dan fokus yang terpecah-pecah untuk beberapa desa.

Tujuan penelitian ini adalah mengkaji kinerja pendamping lokal desa dalam pengelolaan anggaran dana desa di desa Karangnanas dilihat dari aspek *input*, proses, *output*. Metode penelitian yang digunakan adalah kualitatif deskriptif, dan teknik pemilihan informannya adalah *purposive sampling*. Pengumpulan data dilakukan dengan wawancara, observasi, dan dokumentasi. Untuk menjamin keabsahan data digunakan teknik triangulasi sumber. Metode analisis data yang digunakan metode analisis interaktif.

Hasil penelitian ini menunjukkan jika kinerja Pendamping Lokal Desa (PLD) dalam pengelolaan anggaran dana desa di Desa Karangnanas dapat dilihat dari *input*, proses, *output*. Dalam segi *input*, yaitu sumber daya manusia pendamping lokal desa dinilai dari kemampuan, pemahaman, pengalaman masih belum memenuhi harapan Pemerintah Desa Karangnanas dan Waktu, kehadiran pendamping lokal desa sering berkunjung. Segi proses, dari tahap perencanaan dalam mengelola dana desa menggerakkan masyarakat dan turut membantu mendampingi dalam proses perencanaan. Dari tahap pelaksanaan, pendamping lokal desa hanya mengetahui secara administrasi. Dari tahap pemantauan, pendamping lokal desa ikut mengawasi laporan SPJ serta menyampaikan evaluasi dari kegiatan pembangunan kepada masyarakat desa. Segi *output*, pemerintah desa cukup puas dengan kinerja pendamping lokal desa karena adanya interaksi positif kedua pihak dan keberhasilan pendamping lokal desa dalam mendampingi pemerintah desa tidak begitu berpengaruh karena dalam pendampingan hanya mengingatkan kepada pemerintah desa.

SUMMARY

This research is entitled Performance of Village Local Facilitators in Assisting Village Fund Budget Management in Karangnanas Village. This title is motivated by the fact that the performance of Local Village Facilitators (PLD) is mostly not optimal. This is felt by the village government of Karangnanas in terms of experience which tends to be lacking, lack of understanding of complex village problems, and lack of understanding of APBDes preparation. Local Village Facilitators (PLD) also don't only assist one village, but three to four villages, so they cannot focus on accompanying one village and the focus is fragmented for several villages.

The purpose of this study was to examine the performance of local village assistants in managing the village fund budget in Karangnanas village from the aspects of input, process, and output. The research method used is descriptive qualitative, and the informant selection technique is purposive sampling. Data collection is done by interview, observation, and documentation. To ensure the validity of the data, the source triangulation technique was used. The data analysis method used an interactive analysis method.

The results of this study indicate that the performance of Local Village Facilitators (PLD) in managing the village fund budget in Karangnanas Village can be seen from the input, process, and output. In terms of input, namely the human resources of local village assistants assessed from abilities, understanding, the experience still not meeting the expectations of the Karangnanas Village Government and Time, the presence of local village assistants often visits. In terms of process, from the planning stage in managing village funds to mobilizing the community and helping assist in the planning process. From the implementation stage, local village assistants only know administratively. From the monitoring stage, local village facilitators participate in supervising SPJ reports and conveying evaluations of development activities to village communities. In terms of output, the village government is quite satisfied with the performance of the local village assistant because there is positive interaction between the two parties and the success of the local village assistant in assisting the village government is not very influential because the assistance only reminds the village government.
