

CHAPTER V

CONCLUSION AND SUGGESTION

5.1 Conclusion

After doing research about the use of swearing using sexual slang words in *Love Wedding Repeat* movie, here are some important matters that can be concluded:

1. The researcher found 45 utterances that contain sexual slang words used by the character in *Love Wedding Repeat* movie and categorized them according to their respective indication. Based on the Pinker (2007), there are five types of swearing that exist, the researcher found all of the types of swearing, namely descriptive, abusive, idiomatic, emphatic, and cathartic swearing. Of the 45 existing data, 2 data included descriptive swearing, 2 data include abusive swearing, 11 data included idiomatic swearing, 17 data included emphatic swearing, and 13 data included cathartic swearing. Based on the existing research data, it can be concluded that emphatic swearing is the swearing category that is most often used by the character in the object of this research.
2. Aside from types of swearing, the researcher also conducted research on the motives of swearing that were uttered by the character in *Love Wedding Repeat* movie. In this study, the researcher uses Andersson's theories which claimed that there are three types of swearing motives; psychological motives, social motives, and linguistic motives. There are 45 data that is found by the researcher, 18 data include psychological motives, 16 data include social

motives, and 11 data include linguistic motives. Based on that explanation, it can be concluded that psychological motives are the most frequent motives that are used by the characters in *Love Wedding Repeat* movie.

5.2 Suggestion

After finishing the analysis, the researcher highly expected that this research will be useful and give many advantages in understanding sexual slang and swearing. Therefore, there are some suggestions for the future researcher and readers.

1. For the future researcher

The researcher proposes to the future researcher who is interested in exploring the same field to have a profound analysis by using another theory related to swearing using sexual slang. Besides, it is also suggested to use another object which contains a lot of swearing using sexual slang words, so that there will be variations and the newer data also object of the research. Accordingly, they can conduct a new analysis on swearing using sexual slang and also the motives of swearing in the future.

2. For the readers

For the readers who are fascinated by this study, the researcher hopes that they can acquire more about the other kinds of slang used, especially for swearing, and another theory about the types and motives of swearing. So they can make a comparison about what they are expected to understand about the materials.
