

## CHAPTER V

### CONCLUSION AND SUGGESTION

This chapter represents the conclusion of the result from data which the researcher gathered and analyzed.

#### 5.1 Conclusion

From findings of this research there are obstacles in SMP GUNUNGGATI 1 Purwokerto due to the changes of learning process. There are four significant obstacle happened to the small of group of the students, those obstacle's are :

- a. Curriculum Applied at School.
- b. Teaching Materials Given By Teacher's.
- c. The Decrease of Students Behavior at School.
- d. Students English Learning Loss in Vocabulary.

Therefore the researcher conclude that the teacher's perception of the students English learning loss due to the changes online to offline learning process during the transition of Covid-19 pandemic was happened in this school.

## 5.2 Suggestion

- a) In order to provide students with knowledge through the use of learning media available on the Internet, English teachers at SMP Gunungjati 1 Purwokerto need to be more enthusiastic about it in order to stimulate pupils' active involvement in their studies.
- b) For students of SMP Gunungjati 1 Purwokerto, they must be more active in learning English and also increase their vocabulary.
- c) For the next researcher, they can continue to explore more about the learning loss due to the changes of online to offline system learning process when the pandemic Covid-19 transition happened
