

RINGKASAN

Penelitian ini merupakan penelitian kualitatif. Penelitian ini mengambil judul: “Model Pengelolaan Dana Desa”. Tujuan penelitian ini adalah untuk mengetahui model pengelolaan dana desa di Desa Sokaraja Kulon. Berdasarkan hasil penelitian menunjukkan Pengelolaan Dana Desa di Sokaraja Kulon pada tahun anggaran 2015 lebih diprioritaskan untuk pembangunan infrastruktur karena hal tersebut yang dinilai lebih mendesak dan dikarenakan ketersediaan dana desa yang terbatas. Model pengelolaan dana desa secara ringkas dibagi menjadi empat tahap mulai dari proses perencanaan, pencairan, pelaksanaan, dan pertanggungjawaban. Terdapat beberapa kendala yang dihadapi saat pengelolaan dana desa yaitu : kendala administratif, kendala kurangnya jumlah Dana Desa, kendala aturan Dana Desa yang masih baru, kendala keterlambatan pencairan Dana Desa,

Kata Kunci : Model, Pengelolaan, Dana Desa, perencanaan, pencairan, pelaksanaan, pertanggungjawaban.

SUMMARY

The method of this research is qualitative. The title of this research is: "Model of Village Fund Management". The aims of research is to find out the model of village fund management in Sokaraja Kulon. Based on the results showed in the Sokaraja Kulon's Village Fund Management in fiscal year 2015 higher priority to infrastructure development because it is considered more urgent and due to the limited availability of village fund. The model of village fund briefly divided into four stages, from planning, disbursement, implementation, and accountability. There are several obstacles currently facing the village fund management, such as : administrative constraints, constraints of insufficient numbers of Dana Village, the Village Fund constraint rules are still new, late disbursement constraints Village Fund,

Keywords : Model, Management, Village Fund, planning, disbursement, implementation, and accountability.
