CHAPTER V

CONCLUSION AND RECOMMENDATION

This chapter is divided into two sections. They are conclusion and recommendation. The detail of each section presented below.

5.1 Conclusion

This research is used to answer three problems concerning the meaning and the form of register in debate community of HUDEC, and the structure of argumentation of debate speech. The answers of those questions are:

1. Debate community of HUDEC produces some registers among the member. The researcher finds several registers refer to the position in debate match like *Affirmative Team* or *Government Team* that consists of *Prime Minister, Deputy Prime Minister* and *Government Whip*; *Negative Team* or *Opposition Team* which consist of *The Leader of Opposition, Deputy Leader Of Opposition,* and *Opposition Whip*; and *Reply Speaker*. The rest of registers found refer to the technical term like *POI, motion,* and *clashing point*.

2. The form of registers used in this community, mostly are in a form of phrase. One register is in a form of word, and one register is in a form of abbreviation.

3. The last is about the structure of argumentation. Here the researcher found part of argument propose by Toulmin; claim, support, warrant, qualifier

and rebuttal. The data show the highest number is the use of support followed by rebuttal, warrant, claim, and qualifier.

5.2 Recommendations

Register is language variety based on occupational group of people or people with the same interest. Register still have many interesting case to be analyzed. This field can still be studied from different point of view or even different field of study such as discourse analysis.

For other researchers who are interested in the research about register, it is suggested for you to analyzed register with different point of view or different source of data. On the other hand, it is also can be analyzed by situational characteristic, language feature, and the functional analysis between the situation and language feature used.

The second is for general suggestion, especially for those who are interested in debate, this analysis can help you learn about debate easier. In addition, for people who are interested on certain profession, register analysis can help you master and learn about that profession.
