

## RINGKASAN

Penelitian ini berjudul “Strategi SMA Negeri 1 Rawalo Dalam Upaya Menjadi Sekolah Adiwiyata Nasional”. Program adiwiyata adalah bentuk kerja sama Kementerian Lingkungan Hidup dengan Kementerian Pendidikan dan Kebudayaan untuk mengatasi kerusakan lingkungan dan mewujudkan pembangunan berkelanjutan. Program adiwiyata merupakan program untuk mewujudkan sekolah yang peduli dan berbudaya lingkungan. Tujuan program adiwiyata adalah mewujudkan warga sekolah yang bertanggung jawab dalam upaya perlindungan dan pengelolaan lingkungan hidup melalui tata kelola sekolah yang baik untuk mendukung pembangunan berkelanjutan.

Tujuan penelitian ini adalah untuk mendeskripsikan dan menganalisis strategi SMA Negeri 1 Rawalo dalam upaya menjadi sekolah adiwiyata nasional. Metode penelitian yang digunakan adalah metode kualitatif deskriptif, dengan teknik pemilihan informan *purposive sampling*. Pengumpulan data dilakukan melalui wawancara, observasi, dan dokumentasi. Metode analisis yang digunakan adalah model analisis data interaktif menurut Miles and Huberman dan keabsahan data diuji dengan triangulasi sumber.

Berdasarkan hasil penelitian, program adiwiyata di SMA Negeri 1 Rawalo dilihat dari aspek kebijakan berwawasan lingkungan, kurikulum berbasis lingkungan, kegiatan lingkungan berbasis partisipatif, dan pengelolaan sarana pendukung ramah lingkungan menunjukkan bahwa program adiwiyata sudah berjalan dengan baik sesuai yang diharapkan namun perlunya komitmen yang tinggi oleh seluruh warga sekolah untuk terus mempertahankan lingkungan sekolah agar terus melindungi dan mengelola lingkungan hidup.

Kata Kunci : Adiwiyata, Lingkungan, Pendidikan Lingkungan, Partisipatif, Berkelanjutan

## SUMMARY

This research is entitled “Strategy of SMA Negeri 1 Rawalo As An Effort to Become A National Adiwiyata School”. Adiwiyata program is a form of cooperation between Ministry of Environment along with Ministry of Culture and Education to overcome environmental damage and to create sustainable development. Adiwiyata program is a program to establish schools that are caring and having environmental culture. The goal of adiwiyata program is to create the residents of school who are responsible in effort of environment protection and management means through school’s good governance to support sustainable development.

The purpose of this study is to describe and analyze the strategy of SMA Negeri 1 Rawalo as an effort to become a national adiwiyata school. This research was using descriptive qualitative method, with purposive sampling as its sampling technique. Data were collected through interview, observation, and documentation. Data then analyzed with interactive data analysis model by Miles and Huberman and data validity were examined with source triangulation.

Based on the results of this research, adiwiyata program in SMA Negeri 1 Rawalo seen from the aspects of environmentally-insightful policy, environment-based curriculum, participatory-based environmental activities, and ecofriendly supporting infrastructure showed that the adiwiyata program is already running well as has been expected, but there is a necessity of high commitment by all the residents of the school to keep maintaining school’s ecofriendly environment to be always protected and managed well.
